Re: Docking Stations for Compact Transmitters

---

The docking stations for Genie compact transmitters will be available as service parts while supplies last. The docking stations will still come standard with the available compact transmitters, however, once inventories are depleted of the items in their service parts packaging, they will no longer be available to be sold separately.

Docking Station Part Number:

35612A.S

Affected transmitter model numbers are:

GICTD-1

GICTD-3

GICT390-1

GICT390-3

Another PIB will be issued when the inventory of docking stations is depleted.
