Re: Introducing GenieMaster™ Remote

The GenieMaster™ remote is now available. This 3-button remote features all possible programming modes found in Genie garage door opener products from 1993 to the present.*

Description: 3-Button GenieMaster™ Remote

Model number: GM3T

Part number: 37344R

Features:

- 3 Large, easy to find buttons for activation
- LED indicators
- User defines functionality of each button
- Simple programming for all modes of use
- Easily mounts to car visor

Compatibility:

- Genie® gated community receivers
- Genie® 9/12 units
- Intellicode® 1 units (Auto seek dual frequency 315/390 MHz)
- Intellicode® 2 units (Auto seek dual frequency 315/390 MHz)

Attached please find the Specification and Data Sheet highlighting the features and benefits of the product.

* Since 1993, all U.S. openers have a second safety reversing feature such as a photoelectric beam. Genie agrees with DASMA that if your pre-1993 opener lacks a similar safety feature, then it's time to get a new opener.

ALWAYS AT YOUR COMMAND

GenieMaster™
