FOR IMMEDIATE RELEASE

The Genie® Company Introduces New Line of Medium Duty Commercial Operators *Enhancing the Genie Commercial Line Offering*

Mount Hope, OH (SEPT 19, 2023) – The Genie Company, a leading manufacturer of smart, connected garage door openers and accessories for residential and commercial applications, is proud to announce the release of its new Z-Series medium-duty line of commercial operators, [medium-duty hoist](#), [jackshaft](#) and [trolley](#).

Medium-Duty Hoist

Medium-Duty Jackshaft

Medium-Duty Trolley

All models in the new Z-Series medium-duty line combine advanced features and robust mechanical design to create a new standard in the industry. These feature upgrades include:

- EZ Limit® - Push-to-set limits, replacing the thumb wheel mechanical limit system
- Disc Brake – Includes the 24 VDC disc brake used on the current heavy-duty line
- Upgraded Trolley Rail - The 2" angle and quiet carriage used today on the heavy-duty trolley operators will now be used
- Quiet Operation – New quiet through-shaft motor with dual ball bearings and isolated electric box allows for quiet operation.

Additionally, the Z-Series models are rated for 15 cycles per hour, to maximize their performance, and include an internal Intellicode® receiver capable of learning and storing up to fifty transmitters.

"We're thrilled to bring this new Z-Series medium-duty line to market and provide our customers with a new industry standard in commercial operators," said Mike Kridel, President of The Genie Company.

"Whatever our commercial customers need in a medium-duty operator, the Z-Series line can deliver."

These new models from The Genie Company are now available for purchase via our Genie Professional Line wholesalers and dealers, and replace the X-Series medium-duty operators.
