Number: 2406
Division: Genie®
Product Family: Residential Openers
Product Series: Safe-T-Beam® Systems for IntelliG™ & TriloG™ Openers
To: All Genie Professional Line Wholesalers, Dealers and Installers
Re: Recommended Placement of Safe-T-Beam® Systems

For IntelliG and TriloG Openers, please follow the desired locations when installing the Safe-T-Beams (STB) in multiple door locations:

- The desired location for the Red LED (STB Source) should be facing the sunny side
- For two car garages, place the two Red LED (STB Source) in the middle locations. Green LED (STB Sensors) in the two outer locations

- For three door garage – please follow the STB locations as shown above.
