Re: New Product Launch – BenchSentry Connect

The Genie® Company is pleased to launch the new BenchSentry Connect, the latest product in the BenchSentry family of package protection products. Protect your packages from porch pirates with BenchSentry. Packages are guaranteed up to \$500 by our protection plan and are hidden from view in a bench that automatically locks, is weather tight, and can be anchored. BenchSentry is easy to use, notifies you when you receive a package, and works with Aladdin Connect® to allow you to get packages delivered in the garage.

BenchSentry Connect is available for purchase through Genie and OHDParts.com.

Description: BenchSentry Connect
Part Numbers: 42129R – Slate, 42129S – Tan

Key benefits BenchSentry Connect

- **Keeps packages safe & secure** – Hide packages from view of porch pirates and protect them from theft with a smart lock. Weather resistant construction protects packages from the elements. Anchor or cable the bench for added security. Comes with a \$500 package theft protection plan.
- **Works for all deliveries** – Works with all delivery companies using tracking ID (FedEx, UPS, USPS, Amazon, etc.) Works with Aladdin Connect® to deliver heavy/bulky items in the garage. Works for grocery or meal deliveries or items from family or friends using a custom code. Handles multiple deliveries with 7 cubic feet of capacity and works for secure pickups.
- **Convenient, easy to use** – Have the freedom to go about your day without having to be home for deliveries. Easy to use app allows you to track deliveries from anywhere. Get notifications on your phone when deliveries are complete. Travel without advertising you're not home with package pileups. Delivery instructions, signage, electronic display, and audio prompts make it easy for drivers to use.
