FOR IMMEDIATE RELEASE

The Genie® Company Introduces New Light-Duty Commercial Trolley Operator
Designed for Reliability and Power – The Industry's Strongest 140 VDC Motor

Mount Hope, OH (OCT 5, 2023) – The Genie Company, a leading manufacturer of smart, connected garage door openers and accessories for residential and commercial applications, is pleased to announce the newest member of the Light-Duty Commercial Operator offering, its [Light-Duty Commercial Trolley](#) (GCL-LT).

Matched with the heavy-duty residential rail, the GCL-LT allows an easy-to-install, powerful DC motor that sets a new standard in the industry and includes Wi-Fi functionality as an option.

The GCL-LT offers several benefits:

- Optional Wi-Fi functionality with Aladdin Connect®
- GenieSense™ monitoring and diagnostic technology
- Power on demand feature for smooth and consistent movement
- Uses traditional residential interchangeable chain and belt rails
- Receiver stores up to 31 Intellicode® transmitters
- Optional battery backup
- Powerful 140 VDC motor

"We're excited to launch this powerful new addition to our Genie Commercial Line with its 140 VDC motor," said Mike Kridel, President of The Genie Company. "We continue to bring power, reliability and connectivity to our commercial customers, addressing their needs at every level!"

This new model, GCL-LT from The Genie Company is now available for purchase via our Genie Professional Line wholesalers and dealers. Be sure to look for the Light-Duty Jackshaft operator announced in September.

###
