**Number:** 090623  
**Division:** Genie®  
**Product Family:** Commercial Operators  
**Product Series:** Medium-Duty Operators  
**To:** All Genie Professional Line Wholesalers, Dealers and Installers  
**Re:** New Product Launch – Z-Series Medium-Duty Hoist, Trolley, and Jackshaft

The Genie Company is pleased to announce the launch of the new Z-series medium-duty hoist, jackshaft, and trolley on September 18<sup>th</sup>, 2023. The original X-series medium-duty line will no longer be able to be ordered after October 26<sup>th</sup>, 2023\*, or as supplies last. The new Z-series medium-duty line will replace the X-series medium-duty line with several feature upgrades:

- **EZ Limit®** - Push-to-set limits replace the “thumb wheel” mechanical limit system
- **Quiet operation** - New quiet through-shaft motor with dual ball bearings and isolated electric box
- **Disc Brake** - Now upgraded to include the 24 VDC disc brake used on today’s standard-duty and heavy-duty models
- **Intellicode® receiver** - Included Intellicode receiver can hold up to 50 Intellicode remotes.
- **Left-hand hoist** - Left-hand hoist operator is now available
- **Trolley rail upgrade** - The medium-duty trolley will now use the 2” angle and quiet carriage used today with the standard-duty and heavy-duty trolley operators
- **Lifting capacity** - 15 cycles per hour with 16’ high doors with a hoist or jackshaft unit, and 14’ high doors with a trolley. Rated for 620 lb sectional doors and 580 lb rolling doors.
