Re: 575V Commercial Openers Now Stocked

Starting immediately we will stock limited quantities of 575V GCL-T/J/H and GCL-GT/GH operators in ½, ¾, 1, and 3 HP in our Baltic, OH warehouse. This will only apply to the open drip proof, standard models.

This will enable us to fill low quantity orders of 575V operators with a 10 day + next truck lead-time out of your servicing door plant. Please see the table below with the corresponding part numbers stocked in limited qty.

575V GCL-T/J/H and GCL-GT/GH operators with any modification* will continue to be built to order and will carry the standard 15 day + next truck lead-time out of your servicing plant.
