Re: Introducing the New Battery Back-Up Accessory

The Genie Company is pleased to introduce its' new battery back-up unit. Two great American brands, Genie and Interstate Batteries®, come together to help ensure your garage door opener works when the power does not! This item is available today!

Features

- Up to 50 cycles in a 24 hour period after initial power outage
- Color coded LEDs on the front of the unit show charge status
 - Green: Ready-state
 - Yellow: Charging or internal charge is low
 - Red: Needs charged
- Several mounting options to choose from
- Safety and security features continue to operate
- Optional accessory for TriloG™ and IntelliG® openers! TriloG and IntelliG openers produced prior to October 2012 will require a new circuit board and wall console (purchased separately) to accommodate the Battery Back-Up.

Description: Battery Back-Up Unit
Part Number: 37228R
Model Number: GBB-BX

Specifications

- Dimensions: 9.5" L x 5.27" H x 5" W
- 7.8 lbs
- 8 AMP Hour sealed lead acid (SLA) battery
- Charged and powered by a 3' connector cable between the opener and battery back-up unit
- Unit works with specific Genie openers on properly balanced doors that have a maximum height of 8ft and maximum weight of 500 lbs.
