

PRODUCT INFORMATION BULLETIN

Date: July 11, 2024
Number: 071124
Division: Genie®
Product Family: Residential Operator Accessories
Product Series: UPDATE #3: Remotes that Include Coin Cell Batteries
To: All Genie Professional Line Wholesalers, Dealers, and Installers

A third UPDATE message to all Genie Professional Line Wholesalers and Dealers:

In late March, The Genie Company temporarily suspended the sales of some standalone accessory products to pursue compliance with ANSI/UL 4200A-2023 safety standards. These standards were established by the U.S. Consumer Product Safety Commission in response to federal mandates regarding coin cell batteries as ingestion hazards.

As we adjust our supply chain to meet these new safety requirements, please be prepared for some initial limitations regarding lead times and order quantities.

As of today, we are accepting orders for the following part number:

Accessory Part#	Description	Lead Time	Max Order Qty	# of Orders Accepted per Week
41538R	Model G1BT, NEW 1-Button Remote	10 days	53	1

We appreciate your patience while The Genie Company has diligently re-engineered products to exceed the highest safety standards.

For additional information on the law, visit www.federalregister.gov and search 'coin cell batteries', or visit <https://www.cpsc.gov> and search 'Reeses Law'. If you have further questions, please contact your DSMs for more information.
