Re: New Product Launch—Models 4124H & 4164H with Integrated Aladdin Connect

The Genie Company is proud to introduce the Models 4124H & 4164H, 140V operators with Integrated Aladdin Connect! These models feature the industry's most powerful motor as well as battery backup compatibility.

These operators are the new standard for what a premium garage door opener should be. The 4124H accommodates belt and chain drive rails, while the 4164 feature's Genies Exclusive Direct Drive Screw Rail. Both models offer a comprehensive feature bundle including, but not limited to, a 6-foot power cord, motion sense lighting, industry leading power and speed and Genie's first-class warranties. The most exciting new feature is, both models will come standard with integrated Aladdin Connect, Genie's WIFI connectivity technology.

These new models use advanced chip technology which improves and simplifies the installation of the Wi-Fi and smartphone set-up. In most cases, setup of the Wi-Fi will take less than five minutes.

Aladdin Connect Benefits:

- **Security** – Instantly know if someone is operating your garage door without permission.
- **Convenience** – Open your door for family members, deliveries or service providers from anywhere with your smart device or set up virtual keys so they can let themselves in. Other features include a scheduled time for your door to close or a maximum amount of time that it will stay open.
- **Tracking** – Know both the date and time of each operation of your garage door.

This operator will be available to order from your Genie source as of December 1st, 2018
