**Product Family:** Residential Opener Accessories  
**Product Series:** Accessories (Aladdin Connect®)  
**To:** All Genie Professional Line Wholesalers, Dealers and Installers  
**Re:** New Feature Launch – Integration with Walmart InHome delivery

---

The Genie Company is announcing the integration of Aladdin Connect® smart garage door openers and retrofit kits with InHome, the delivery service from Walmart that provides grocery deliveries from Walmart stores, straight into customers' garage refrigerators.

Walmart InHome Delivery is a service that allows customers to shop when and where they want and have their grocery order delivered right into their fridge – in their home or their garage. Customers simply order via the InHome app, and Walmart gets to work shopping the order like it's their own, driving it to the customer's home and putting it right in the fridge or on the counter. The service is currently available in Pittsburgh, Kansas City, Southeast Florida and Northwest Arkansas.

The connection to Walmart's InHome delivery service adds to Genie's integrations with leading smart home platforms all at no additional cost to the consumer.

The InHome service costs \$19.95 a month, requires a \$30 minimum per order, and customers can cancel at any time. Residents receive a \$20 bonus credit on groceries with their first order. Visit [InHome.Walmart.com](https://InHome.Walmart.com) for current offerings and to see if your address is eligible.
