Re: New Feature Launch – Integration with Josh.ai

The Genie® Company is pleased to announce that Aladdin Connect® smart garage door openers and retrofit kits are integrated with Josh.ai. With a focus on AI, machine learning, and intuitive design, the mission at Josh.ai is to transform how we live in our environments.

Genie's full line of Wi-Fi enabled garage door openers powered by Aladdin Connect® can now be controlled with Josh.ai, enabling natural interaction with technology in everyday life.

Key benefits of the Genie integration with Josh.ai include...

- **Intelligent Scenes** – Easily create custom scenes and then trigger them with the snap of a finger. “Josh, I’m Home” is all you need to orchestrate the perfect ambience.
- **Sophisticated AI** – Josh.ai includes device discovery and control through a proprietary natural language processing engine, machine learning, and a suite of elegant apps for intuitive remote control. Josh.ai knows its role and continues to adapt, enabling users to freely interact with their surroundings and automate their lifestyle in whatever way feels most natural.
- **Home Access** - Josh.ai seamlessly integrates with Genie garage door openers and other home access devices to provide a single, intuitive interface for home access. Josh.ai orchestrates all aspects of your home to deliver an exciting and effortless living experience.
- **Built for Everyone** – Josh.ai was designed to be used by everyone in the home. Clients of all ages and technological aptitudes are empowered with efficient smart home accessibility via the Josh App or able to conveniently set the mood with contextual voice commands.
