Re: New Residential Wall Mount Models 6070H-B & 6170H

The Genie Company is pleased to announce the availability of two new options for our Residential Wall Mount lineup. Introducing the Model 6070H-B with integrated Battery Back-up without Wi-Fi and Model 6170H with integrated Wi-Fi without battery backup.

The addition of these models increases the already industry leading flexibility of the Genie Wall Mount Opener by making integrated Wi-Fi and Battery Back-up options available independent of each other. These two great options can now be ordered separately alongside the full suite of features available on the previously available models.

**Battery
Backup**
