Re:	General Chain, Belt and Screw Drive Rail Information

Rail Configurations

Rail Configurations

These rails offer:

- Low profile allows a C-channel rail to be used anyplace a T-rail is traditionally used
- Cleaner, quieter, more durable C-channel design
- Increased selection with less inventory
- More opener options
- Less products to haul

- Stretch wrapped stackable packaging
- **Color Coded**
 - o Blue Screw
 - o Red Belt
 - o Black Chain
 - o 7', 8', 10', 12'*, 14'*
 - (*Two piece rails with center support)
