

PRODUCT INFORMATION BULLETIN

Date: July 2, 2024
Number: 070224
Division: Genie®
Product Family: Residential Operator Accessories
Product Series: UPDATE #2: Remotes that Include Coin Cell Batteries
To: All Genie Professional Line Wholesalers, Dealers, and Installers

A second UPDATE message to all Genie Professional Line Wholesalers and Dealers:

In late March, The Genie Company temporarily suspended the sales of some standalone accessory products to pursue compliance with ANSI/UL 4200A-2023 safety standards. These standards were established by the U.S. Consumer Product Safety Commission in response to federal mandates regarding coin cell batteries as ingestion hazards.

We anticipate lifting this suspension and resuming orders for all affected items very soon. In the meantime, we will provide similar updates as additional products become available. As we adjust our supply chain to meet these new safety requirements, please be prepared for some initial limitations regarding lead times and order quantities.

As of July 2, 2024, we are accepting orders for the following part numbers:

Accessory Part#	Description	Accepting Orders	Lead Time	Max Order Qty	# of Orders Accepted per Week
41538T	Model G3BT, 3-Button Remote	7/2	10 days	53	1
41486R	Model GIR1D-P, Receiver + Transmitter Kit	7/2	Standard	None	-
36359R	Model GIRUD-1T, Receiver + Transmitter Kit	7/2	Standard	None	-

We appreciate your patience while The Genie Company has diligently re-engineered products to exceed the highest safety standards.

For additional information on the law, visit www.federalregister.gov and search 'coin cell batteries', or visit <https://www.cpsc.gov> and search 'Reeses Law'. If you have further questions, please contact your DSMs for more information.
