Re: Using CFLs in ReliaG® Models 600 and 800 Opener Heads

Recent testing performed by the Engineering team has shown that Compact Fluorescent Light Bulbs (CFL) function well with the ReliaG 600 and 800 opener heads. This testing has also produced a list of common CFL brands that can and cannot be used for lighting in the ReliaG 600 and 800 opener heads. The CFLs used in this testing were purchased from a local hardware store.

CFL Report				
Brand	Actual Wattage	Equivalent Wattage	Lumens	Fit
Sylvania Mini Craft Light	13	60	800	Yes
Standard Incandescent	60	60	850	Yes
