Price: \$10.00

The display graphic for the IntelliG 1000 Garage Door Opener features the Genie Professional Line logo at the top left. The main title is "INTELLIG™ 1000 GARAGE DOOR OPENER" with the tagline "Intelligent Design for Quiet yet Powerful Performance". A photograph of the blue and white opener unit is shown on the left. To the right, there are three bullet points: "Enough power to open almost any residential garage door!", "Smooth and quiet DC motor, with a belt drive for the ultimate in quiet", and "Flexible drive options with belt or chain rails". Below these are icons for "Belt Drive" and "Chain Drive". A "CONVENIENCE OPTIONS" section includes "Three Button Remote" (described as sleek and compact with a battery indicator) and "Wireless Keypad" (described as a flip-up cover with four colored buttons). The bottom of the graphic contains fine print: "©2011 Genie Garage, Inc. All rights reserved. All other trademarks are the property of their respective owners. IntelliG is a registered trademark of Genie Garage, Inc. IntelliG is a registered trademark of Genie Garage, Inc. IntelliG is a registered trademark of Genie Garage, Inc."

(All graphics are similar to the above representation)
