Re: Wireless Keyless Entry Pad, Model GK-BX

We are pleased to announce the availability of the newly designed wireless keyless entry pad, Model GK-BX, p/n 37224R. The new keypad features:

- Intellicode® 2 technology, but is also compatible with Intellicode 1
- It can operate up to three Genie garage door openers with Intellicode
- Auto-seek dual frequency technology automatically transmits in both 315 and 390 MHz to minimize possible frequency interference related to consumer electronics or nearby government bases (Intellicode 2 openers can operate on 315 or 390MHz)
- Temporary PIN codes to allow for one time special access needs
- Uses standard AAA batteries

| | Model | P/N |
|--------------------------|---------|--------|
| Keypad | GK-BX | 37224R |
| White Flip Cover | GKCW-BX | 37226R |
| Gray Flip Cover | GKCG-BX | 37226S |
| Tan Flip Cover | GKCT-BX | 37226T |
| Almond Flip Cover | GKCA-BX | 37226U |

We are discontinuing the current keyless entry pad, Model GWKP, p/n 35282R. These units will continue to be available while supplies last. There will be a secondary PIB communication issued when the existing inventory is depleted.
