Mount Hope, OH (AUG 24, 2023) – The Genie® Company is delighted to announce that our line of reliable, Wi-Fi enabled smart garage door openers and controllers now work with Amazon Key In-Garage Delivery to conveniently and securely deliver Amazon packages and groceries inside the garage.

“Customers expect more from their garage door,” said Mike Kridel, President of The Genie Company “We are delivering on that expectation with this integration! The Genie Company is excited to work with Amazon Key In-Garage Delivery to offer convenient and secure delivery to our customers as a further extension of our smart home capabilities.”

The integration of the Genie Aladdin Connect® platform with Amazon Key In-Garage Delivery gives eligible Amazon Prime members, with a compatible Wi-Fi enabled Genie garage door opener or controller, a secure option to receive Amazon deliveries, helping deter porch pirates and guard against package damage from bad weather.
