Re: Discontinued: Wired Keyless Entry P/N 35674R, Model KEP-1

The wired keyless entry part number 35674R, Model KEP-1, will be discontinued from the Genie accessories product lineup. There is approximately 1 month of inventory left in stock and product will be available while supplies last on a 'first come first serve' basis. After this inventory is depleted, this item will no longer be available.

The wireless keyless entry part number 37224R, Model GK-BX, is an alternate solution to the wired keyless entry pad for any Genie opener with Intellicode® capabilities. This wireless keyless entry pad has auto seek dual frequency technology allowing it to be compatible with 315 or 390 MHz openers.
