

NEWS RELEASE

The Genie Company Partners with Yonomi

Mount Hope, OH and Austin, TX (Dec 2, 2019) – The Genie Company is excited to announce the integration of its full line of Wi-Fi enabled smart garage door openers and controllers with Yonomi, the simple smart home integration platform.

The convenience of monitoring and controlling your garage door with the Aladdin Connect® app is now extended to Yonomi's free smart home automation app. With Yonomi, consumers can set up customized routines involving multiple smart home products to make home life simpler and more comfortable. Available for both iOS and Android, Yonomi integrates with more than 250 popular smart home devices and is used in over 140 countries.

The Yonomi app now works with the full line of Genie's reliable, powerful, and ultra-quiet Wi-Fi-enabled smart garage door openers and is available nationwide at retailers and professional garage door dealers. Consumers can also easily retrofit their existing garage door opener and connect it to the Yonomi app using the Aladdin Connect Wi-Fi controller.

"We are excited to offer our Aladdin Connect customers the opportunity to connect and control multiple smart home products using the Yonomi app," said Tom Kerber, Director of Product Management for Connected Platforms at Genie. "The Yonomi partnership extends on our history of innovation and leadership in the connected home."

"Bringing the most recognized brand of garage door openers into the Yonomi app provides a broad group of new capabilities to Yonomi customers," said Yonomi CEO, Kent Dickson. "The garage is the primary access point for most single-family home owners and is therefore a critical piece of the smart home ecosystem."
